

Ultraflo® Breeder Feeder Hanger

Installation Instruction

Part Number 40573

1. Spread trough and layout all the components approximately where they will be suspended.
2. Assemble the trough sections together with the included 10-24 hardware.
3. Place the grills on the trough. (*Refer to figure 1*)
4. At each suspension drop, put bottom of the hanger on the trough as shown. (*Refer to figure 2*)
5. Put the top portions on over the grill.
6. Bolt both sides of the hanger with the provided hardware. (*Refer to figure 3*)
7. (Optional) Wire tie the hanger to the grill to keep it next to the wire, in order to avoid losing an eating space. (*Refer to figure 4*)
8. Suspend the Feeders.
